Description

Sigma Designs, Inc. (Sigma) is a fabless provider of system-on-chip (SoC) solutions, which are used to deliver multimedia entertainment throughout the home. As of December 31, 2010, Sigma offered four separate product lines: media processors, home networking, video image processors, and home control and energy management automation products. The Company offer SoCs along with software, which enables solutions for consumer entertainment products. The software is available under Android, Linux and Microsoft Windows CE operating systems with support for applications, such as Internet protocol (IP) video streaming, video-on-demand, Blu-Ray and digital versatile disk (DVD) navigation, personal-video-recording, multi-window video and terrestrial broadcast reception.
